## Editorial

Our audit has been completed by John Coverdale; thank you John. In summary all is in order and we have made a smaller loss than last year. We are therefore moving in the right direction and will probably delay any increase to advertising prices until the autumn or winter. Again thank you to everyone who sent in their contributions in the envelopes. You really help us to keep our heads above water and to ensure that the CVN carries on.

As we run into the summer proper the weather continues to be distinctly average. However all over the village the roses have been quite stunning this year; so something is liking it! There has been a lot of rain and I noticed that the inspection pit which is being built in the Corfe sidings keeps filling up with water! Let's hope it does not delay a proper service to Wareham which has been so long in coming and which is so urgently needed to relieve the pressure on the roads.

Stephen

## CORFE CASTLE PARISH COUNCIL

### JUNE AT THE PARISH COUNCIL

The first item on the agenda was the consideration of applications received to fill the two vacant seats on the Council following the recent election. **The Council duly co-opted Cllr David Grinsted who previously served as a Councillor in the last term and Cllr Mandy Platts.** Welcome to both new Councillors.

During the public half hour David Walker expressed his concerns and those of his neighbours about **traffic in West Street**. David stressed the increased volume of traffic is created by things beneficial to the village; the surgery, the sports pavilion and local businesses. Nevertheless, **traffic is a problem and he noted blind bends, inconsiderate parking, excessive speed, delivery vans and poor signage as some of the problems.** David suspects little can practically be done but asked the Parish Council to consider his comments when considering any future plans to build in or off West Street. Jonathan Kershaw, **Chair of the Commons Committee, reported on the structure and constitution of the Committee.** He invited the PC and parishioners to attend the AGM in July and to raise any queries they have regarding the common or the committee. Paul Jobbling spoke on behalf of the **Chamber of Trade and Commerce** and reported that there is a renewed enthusiasm in the community for the Chamber of Trade; business owners are stepping forward to take active roles and they aim to promote the village through social and digital media.

James Gould, **National Trust** Operations Manager, reported the Castle had received 17,000 visitors over the half term, 3000 of which had attended the May Fair which had been a huge success. The National Trust plan to put more robust barriers in place as a further measure to prevent parking adjacent to the old garage at Uvedale.

The Council have requested updates from **The Corfe Castle Community Land Trust**. The Council do not have any prior knowledge of potential sites for development until they are presented to the village, nor have they intent to do so, but they would welcome regular updates of general news.

**Following the Easter bank holiday rave** the Council had resolved to write to both Dorset Police and Dorset Council to ask what powers they had in place to prevent future events occurring and what resources they had to exercise any powers. Cllr Clarke has received a response from Mike Rogers at Dorset Police. He reported that they do have the power to issue a rave prohibition order, but this can only be activated when music has started which in practice is often too late. The Police advised that the local authorities do not have powers to stop events. Cllr Clarke has requested Mike seeks to

## CORFE CASTLE PARISH COUNCIL

lobby for greater powers which can prevent a rave at the planning stage. The Police ask the public to tell them using 101 as soon as a rave is suspected.

**The Council debated advertising in the village which had been highlighted as a problem.** There are concerns about businesses placing illegal signage on roundabouts, roadsides and in the Square. In the past Dorset County Council Highways guidance looked favourably on charity advertising providing it was taken down promptly but discouraged business advertising. The Council had in the past adopted this guidance. They were interested to know what legislation the new Dorset Council were issuing on the subject and the Council will be making enquires with the County Councillor prior to asking her to discuss the subject with local businesses.

Following Dorset Council's recent declaration recognising that there is a **Climate Emergency** the Council was approached with a request to declare an emergency themselves. They considered a motion and resolved to declare; *'Corfe Castle Parish Council recognise that climate change is happening and support the declaration of a climate emergency by Dorset Council'*. **They have established a group to focus on ways in which the Parish Council can take positive practical action.**

**Parking at the end of Webbers Close has been a reoccurring problem.** Offending cars reduce visibility, posing a hazard to those pulling out of the close. The Parish Council have composed a letter and have distributed it to residents in Webbers Close who have kindly agreed to put them on offending cars.

The Council **formed a working group to focus on parking in the village.** Several items were noted to be considered by the group; West Street traffic, the lack of disabled parking, parking in the Square and parking in Station Road. The Chair proposed Cllr Dru Drury organise the group. The first meeting will be pooling ideas to address the problems identified. The group plan to invite the NT and the County Councillor to subsequent meetings. Comments and suggestions from parishioners are welcome.

In financial matters the Council approved the quote for services provided by Purbeck Youth and Community Foundation (PYCF) for the provision of staff for the Youth Club under the same arrangement agreed in previous years; that they would ask the Youth Club to raise some funds themselves to contribute to the fees. The Council completed the annual governance statement for the external audit. They approved the internal audit, the asset register and the accounting statement for the 2018/19 accounts. These documents can be inspected by the public in accordance with the *Accounts and Audit regulations 2015 Exercise of Public Rights* and they have been published on the Parish Council website and notice boards.

## CORFE CASTLE PARISH COUNCIL

**New planning procedures implemented by the Dorset Council have resulted in the Parish Council only being allowed 21 days in which to submit comments on planning applications, as opposed to the 28 previously allowed. This will mean that some applications may not get published on the planning agenda and the notice boards prior to the Council's comments being submitted, nor will these applications get discussed at the meeting. Instead the submitted decision will be reported at the meeting. The Council have written to try to challenge the new policy as it will effect public participation in the planning process and increase administration for Parish and Town Councils. We would therefore ask that residents look out for planning notices (which are usually yellow and displayed outside of site proposed for development). If an application affects you and you wish to comment or ask questions, please make representation to the Clerk or a Councillor.**

The Parish Council had no objection to works to a single story kitchen extension at 4 Townsend Road, Corfe Castle, Wareham. The Council have requested an extension to submit comments on the erection of a barn at Little Woolgarston Farmhouse, Corfe Castle. The extension will allow the committee to see submitted comments from the AONB, from neighbours and from Highways prior to submitting their decision.

(phone 01929 426125)(e-mail [CorfeCastlePC@aol.com](mailto:CorfeCastlePC@aol.com)) – 41 Bell Street, Swanage, Dorset, BH19 2RY. The Parish Council meets on the second Monday of each month at 7pm in the Town Hall, West Street\*. Have your say at the start of the meeting, speak to any parish councillor, or write to me. Full minutes of the meetings are available in Corfe Castle library or on the Website ([www.corfecastlepc.org.uk](http://www.corfecastlepc.org.uk)). [\*Sometimes elsewhere.]

The next Parish Council Meeting is on the 8<sup>th</sup> July 2019 at 7.00pm in the Town Hall.

## NEWS FROM CHURCH KNOWLE PARISH COUNCIL

For the first time in several months the Parish Council met at Furzebrook Village Hall; albeit in a small corner of the main hall. It felt a bit like being in the empty hold of a rather large cargo ship before container ships were invented. Four Councillors were able to attend, the others having to apologise due to serious illness and work commitments. As our dear reader will know, the Council is two Members short of a “full house” and this can lead to difficulties when Members are ill or are unable to attend for other reasons. Anyway, to business.

Firstly, Cllr Ellwood declared an interest in a “Past Planning” matter which he thought might be discussed later and this was noted.

Dorset Wildlife Trust had been invited to the meeting to give an update and answer questions about their work in managing the “Corfe River Project” and at Furlong Coppice, Kilwood & Stonehill. Unfortunately, no-one was able to attend so there was some disappointment. Never mind, the new Police Community Support Office from Dorset Police stepped in and gave a report on the activities of miscreants in the community in the last three months which included thefts of a new “mini”-digger, a bicycle and a car parked in Tyneham car-park. She also commented on the theft of a yacht, but it was difficult to see how that could have occurred in Church Knowle parish unless it had been parked in the Blue Pool, Green Pond or the small bit of water by Church Knowle village green. Mind you, it might have been parked in someone’s garden or boat park at the time but the PCSO didn’t really expand on that. What did come out was that in the Parish itself, the amount of crime was pretty low. The main concern was with sheep rustling and poaching. One of your Councillors explained that the attitude of the “non-emergency” telephone team at Dorset Police’s “Force Control Centre” was far from satisfactory when a particular high value theft was reported, ie the answer was, ‘There’s not much we can do about it, the digger’s probably in Poland by now’. Well, really! The PCSO suggested that there were several ways to reduce risk of theft and that “trackers” could be cheaply fitted to equipment whereby the constabulary could easily follow a stolen item and catch the crooks “banged to right”. There was general discussion following and the Chairman thanked the PCSO for her visit and fruitful presentation.

The Chairman (Cllr Ed Ellwood) then resigned and Cllr Parker took the Chair. The meeting then continued. As this was “Mini-meeting”, there was not really very much on the Agenda. The minutes for the May meeting were accepted and the only matter arising was that the pot-hole and road collapse at East Creech had been fixed. No new planning application consultations had been

requested by the Dorset Council planners and the meeting quickly went on to note the results of planning application on which the Council had previously commented. Cllr Ellwood then again declared an interest, but as the application had been discussed at a previous meeting and do decision was going to be made on it, Cllr Ellwood’s interest was noted and the Clerk suggested no further action was necessary.

The monthly accounts were presented and found to be in good order. Invoices were paid and the Clerk reported on the current audit of the 2018-2019 Annual Accounts.

The curating of the Council archives is just about complete and they are now looking for a new home. It was suggested that a small, secure Portakabin® of the type used by a site gatekeeper be purchased second hand a [possibly sited at Church Knowle village hall – that is if the village hall committee agree. Full discussion will take place next month.

Cemetery access, etc., was adjourned until the next meeting. The Clerk had approached three fencing contractors for quotes to repair and renew the cemetery fencing and it was also reported that a contractor had agreed as part of his quote to remove the dead tree gratis. When the formal quotes are received they will be discussed and the award of contract made, most likely at the July meeting.

The Council then went on to discuss the Environmental Project. The Parish Council’s lead councillor had attended a meeting with Imerys on 23<sup>rd</sup> May and had asked for the costings from Dorset Wildlife Trust. She reported she had been promised the accounts for the Church Knowle part of the project but was a bit disappointed that nothing else was available for CKPC to look at considering this was “public money” that was being spent by a charity and considering that many of the workers were volunteers she felt that more transparency on the way the money was being spent was urgently required. All the Councillors agreed and again they expressed their disappointment that no-one from DWT was present to be “grilled” at the June meeting. It was suggested that a letter to the Chief Executive of DWT be sent inviting him rather than his subordinates to the August meeting. This was agreed and the Clerk told all he would draft a letter for agreement of Members and then send it.

And, apart from a few bits and pieces that was that for June. July’s meeting will be at the Church Knowle Reading Room at 7.30pm on Tuesday the 09<sup>th</sup>.

The Council’s e-mail address is: [ckpc@gmx.co.uk](mailto:ckpc@gmx.co.uk).

## CORFE CASTLE SPORTS TRUST

### Invitation to become a Friend of the Trust

For many years villagers have regularly contributed a few pounds on a monthly basis to support the on-going maintenance and running costs of the Pavilion and Pitch facilities for the Community. These donations also enable the Trust to keep Pavilion hire charges to a low cost.

The Trust is seeking new contributors to encourage wider support from across the Community as part of our fund-raising initiatives.

For details of how to make a regular contribution (£1-£5 per month) and to use gift aid as an additional benefit to you and the Trust please contact:

Paul Jobling (Chairman) on 07808793855 (pauljobling316@gmail.com)

It may also be appropriate for you or a relative/friend to consider the gift of a legacy to the Trust.

For more information on making a legacy please contact Paul as above.

## Corfe Castle Surgery

### **Shingles vaccination**

Shingles is a common disease that can cause long-lasting, severe pain. It occurs more frequently in those over 70 who are also more likely to have worse symptoms and it has been known to cause permanent disability.

The vaccine significantly reduces the number of cases of shingles and will reduce the severity of symptoms in vaccinated people if they develop the disease. The vaccine cannot cause shingles in healthy people.

As soon as you turn 70 you are eligible for the shingles vaccine. Anyone born on or after 2<sup>nd</sup> September 1942 and those aged 78 or 79 are also eligible for the shingles vaccine.

Please speak to the receptionist on 01929 480441 to book an appointment or to check to see if you are eligible.

**Tina**

### **Patient Participation Group**

The NHS is actively promoting the role of PPGs and held a national PPG Week in June. We are organising our own PPG activities throughout the year as we work to spread the word about the purpose of our PPG (which is to represent the views of all the patients here at Corfe Surgery and to support the Surgery ) and to tell you what we are doing. Do please look at the PPG notice board in the Surgery for news of our activities. As always we continue to welcome feedback from you about the Surgery and also on what we, the PPG, are doing, so do contact us any time with your comments or suggestions on e.g. how we might better publicise the PPG through talks,

Leg Club at Wareham. Lindsay Leg Clubs are being set up by many surgeries throughout the country and are working to the great benefit of patients and nursing staff alike. Run by a combination of nursing and volunteer teams, patients who have long term leg ulcers and related problems can receive their treatment in a relaxed social and community environment. Our Purbeck Lindsay Leg Club, bringing together the six Purbeck surgeries led by our own surgery, will be based at Wareham Parish Hall every Monday morning from Monday September 2<sup>nd</sup>. We shall very much need your help please. We are hoping that some of you will feel able to volunteer your time to help at these Monday morning sessions with the social aspects of the sessions - hot drinks, cakes, meeting and greeting patients, raffles, fundraising..... here's hoping to hear from you! We will keep you up to date with our progress towards September 2<sup>nd</sup>.

Our programme of talks is in place for the rest of the year. The next date for your diary is Thursday August 15<sup>th</sup> when Dr Andrew Jordan, consultant cardiologist at Poole Hospital, will talk on the prevention and treatment of heart attacks. More details to follow.

Our next quarterly meeting of the PPG will be on Thursday July 11<sup>th</sup>. Please contact us through the Surgery if there are any issues you would like raised.

Finally the Surgery has asked us to be as understanding as possible while Dr Armitage is away on six months' maternity leave. The regular locum doctors will be there and it would be really helpful if we don't all ask to see Dr Lepper himself all the time! Many thanks.

National Trust

*Cattle have grazed Purbeck's heathland for centuries, but today's high-tech herds have joined the digital age with National Trust graziers using smartphones and satellite technology to track their movements and improve conservation.*

*Red Devon cattle help maintain the natural balance at several National Trust nature reserves, including Studland and Godlingston Heaths and*

*Hartland Moor near Corfe Castle.*

*The herds are descendants of cattle which did the same job for landowner Ralph Bankes, who donated his entire estate to the Trust following his death in 1981.*

*The red Devons have always spent much of their time wandering freely in search of the best grazing, but the difference today is that graziers can see where they are in real time thanks to a phone app.*

*The app is linked via GPS satellite to electronic collars worn by members of each herd which report their position every 30 minutes.*

*The collars also record body temperature and how much individual cattle move around, so their health can be monitored.*

*Not only does this mean less time and money is spent keeping an eye on them, it also provides valuable information for conservationists.*

*Conservation grazing is one of the main tools used to protect the heathland ecology by preventing grasses from becoming too dominant and opening up areas of bare ground which are important for species such as basking lizards.*

*The cattle also have a role in helping plants colonise new areas by moving seeds around.*

*Data from the collars will be used to monitor how effective they are being and target priority areas for grazing.*

*In the future, it could also play a part in allowing the cattle to live a more 'natural' lifestyle with less human intervention.*

*There is evidence that the closer grazing animals can mimic the behaviour of wild herds, the greater the benefits for biodiversity, said National Trust Ecologist David Brown.*

*"Grazing is at the heart of our efforts to create a more dynamic landscape full of wildlife", he added.*

*"Cows with GPS collars may seem nothing to do with conservation, but are another step forward for nature in Dorset."*

Our speaker for June was Alison Kemp, daughter of Chris and David, to whom she attributes her love and respect for nature and the environment. She is now a Waste Consultant in Cardiff, advising on a range of environmental issues.

Ali brought along a range of waste materials and tested members' awareness by asking whether or not they could be recycled. She also showed examples of the end results of various recycled materials such as fleeces, pens, pencils and much more. Members interacted enthusiastically with her presentation, asking questions and referring to examples such as swimsuits made from recycled plastic and plastic bottles stuffed with small plastic bags which can be used as building blocks.

Landfill waste is now taxed by the tonne and additionally councils now have to meet recycling targets. The UK target is 50% by next year; we may be pleased to know that Dorset manages to recycle 59%, well above the 46% currently achieved across England as a whole, though falling short of East Yorkshire's 65%!

Ali explained the multi-level process of sorting waste when it reaches the depot. It passes along conveyor belts and is separated into different categories with the aid of magnets, sieves and optical sorters with real people still a vital part of the process. Some types of waste are very easily re-used; paper can be pulped and made into more paper; glass can be re-used an unlimited number of times. It is far better to re-use materials than to rely on production from new raw materials – better economically as well as environmentally. Let's keep up the effort and continue to improve Dorset's recycling record!

## Corfe Castle Village Hall

### general news:

Thank you for the coffee morning support in June; £163.80 was raised. Our 100 club draw is made at the coffee morning; first prize of £20.00 was won by member 28, with member 36 getting second prize £10.00 and member 44 winning the third prize £4.50. If you would like to become one of the villagers who are supporting their local village hall in this way, please contact Penny Barker on 01929 481477.

### regular weekly events:

1st Tuesday afternoon	Aquarius
2nd Thursday afternoon	Carpet Bowls

### regular monthly events:

### more rooms:

The Bill Carter Room costs Corfe Castle residents £30 for a session, and the Community Hub Room just £15 a session. As usual there are significant discounts for regular users. Full details from Carole Speed on 01929 480810.

### developments news:

Unfortunately we were unsuccessful in our most recent application to a major funder for assistance with the costs of extending the kitchen and creating a chair store at the South end of the main hall. This work will have to wait until funds do become available, so another fund-raising round begins and will continue though the Autumn. There will be no disruption to the availability of the kitchen this Summer.

We are arranging for an "Honours Board" to be erected in the entrance foyer, listing the names of all those businesses and individuals who have helped with the developments project. If any CVN reader has a connection with a business who might wish to contribute to the new fund-raising, please contact David on 07590 352219. The same applies to anyone who has not yet contributed via the "Buy A Stone" initiative, but now wishes to do so. The deadline for this is 31st July.

We are also planning an Opening Event to be held early in the Autumn, to celebrate the developments work already completed. Details will be announced in due course, but this will be an "invite only" event for businesses and individuals who have contributed financially to the developments work through "Buy A Stone", and also "100 Club" members, who provide ongoing support to the running of the Hall.

### Time to celebrate!

As of the 31<sup>st</sup> of May 2019, 41 new Marine Conservation Zones (MCZs) around the British coast were announced, six of which are in Dorset! These include; Albert Field, Southbourne Rough, South of Portland, Studland Bay, West of Wight Barfleur and Purbeck Coast. The six sites in Dorset are designated for different species and habitats. The Purbeck Coast MCZ and the other five sites should improve conservation of Dorset's seas for present and future generations.

### Purbeck Coast Marine Conservation Zone

The Purbeck Coast MCZ stretches from Ringstead Bay in the west to Swanage Bay in the east along the Jurassic Coast World Heritage Site, covering an area of 282 km<sup>2</sup>. Although this site is mostly made up of seabed below the low tide mark, it also includes a small area of seashore in Kimmeridge Bay.

### Importance

The new MCZs together with other types of marine protected areas, form a network throughout British seas as part of the UK's international agreement. The Purbeck Coast MCZ supports a variety of rocky and sediment habitats and is an important nesting area for Black Bream, a fish that excavates large nests on the seabed for its eggs. The male Black Bream guards the eggs and tends them until they hatch. Additionally, the seashore section provides a critical habitat for the Peacock's tail seaweed, a warmer water species that is rare in England but found in the rock pools of Kimmeridge Bay. The rock pools also provide a home to Stalked jellyfish which use their 'stalk' to attach onto seaweeds. Rare and unusual seaweeds found in Kimmeridge Bay include the tamarisk weed, which 'magically' changes colour from brown when out of water, to an iridescent blue colour when underwater! This area is also important for some unusual rock pool fish, including the Montagu's blenny, Connemara and Shore clingfish.

The Fine Foundation Wild Seas Centre is open daily from 10.30am until 5pm with free entry. For more information about the centre and events, please visit our website: [www.dorsetwildlifetrust.org.uk](http://www.dorsetwildlifetrust.org.uk) or follow us on Twitter @DWTMarine

## CHURCH OF ENGLAND

*Church Sketches by kind permission of Ron Burniston*

**The Reverend Anne Bond writes:**

At the end of April, I was without wi-fi, internet, broadband, email, *everything* that makes communication with people via laptop-computer possible, for almost a month ... and I was startled by the sense of helplessness and frustration I experienced. How did we exist before these modern miracles were invented? I suppose we just tolerated the leisurely process of snail-mail and picked up the telephone if it was really urgent.

Did you know that Humanity is the only species in the world to have the physiological equipment for verbal communication? Isn't that extraordinary? I have read somewhere that in other creatures there is a valve far back in the throat that closes when food is taken in to prevent it going down the wrong tube and into the lungs. Apparently, humans don't have this valve, and it is this lack that has allowed the development of speech. The price we pay for this privilege is that absence of the valve allows us to choke, occasionally to death.

I can't help wondering if brain development led to eventual elimination of the valve, or if we never had it in the first place. Did the Almighty make us in the beginning with the ability to speak? Or did our brains decide that intelligible speech was preferable to grunts and squeaks, and evolution obliged?

In other words, is the ability to communicate with others of our species via the spoken word a unique God-given facility that He intends us to use to further His purposes? Those purposes being the establishment of the Kingdom of God on Earth, a kingdom based on selfless love of God and of neighbour, and all the good things that come from that way of thinking and being. If so, it is quite a responsibility.

Can we regard the *written* word as a sort of speech substitute? Or is it so different from speech, it is a separate talent? Writing comes from the intellect; one searches for the right word to convey the exact meaning; whereas speech is spontaneous and from the heart, and as such is perhaps more truthful. Besides, God didn't *write* the Universe into existence; he *spoke* it into existence ... or so we read ...

But still, I did so badly need to be able to email. I stammered as a child, so the spoken word spelled difficulty to me. The telephone became an instrument of torture; at my worst I couldn't say my own name. Except when I press 'send' by mistake, too soon, to me email seems quite wonderful!

With love, Anne

**‘Wonders Will Never Cease?’**

St Edward’s Church Corfe Castle is offering an Autumn Bible Study on the miracles of Jesus entitled **‘Wonders Will Never Cease?’** How should we regard miracles? What do they mean? Could they still happen today? These and other questions will be addressed in six sessions, the first of which will be purely introductory, and the last will give us all a chance to tell of ‘miracles’ we may ourselves have experienced. The sessions will run on Thursday evenings from 7 to 8 pm, with hot drinks and cake offered at the end of each session. Dates and venue: **September 5<sup>th</sup>, 12<sup>th</sup>, 19<sup>th</sup>, 26<sup>th</sup>**, and **October 3<sup>rd</sup> and 10<sup>th</sup>**, at **51 West Street, Corfe Castle, tel: 01929 480249.**

### **Living with loss**

Death is very real and it's all around us, on the TV, News, online.... We must all reckon with death. Someday we will all confront our own end, but along the way, we will also witness beloved friends and family pass from this life to the next.

Do you feel overwhelmed by grief and sorrow? How do we handle loss?

When a person loses a loved one, everyone reacts differently and this is normal. Whether you are a believer or not, you will feel something, and react a certain way. You may have recently lost someone you dearly loved. It may have been a spouse of many years, a child of only a few months, a loving father or a trusted friend. No matter what the relationship, the separation has been painfully agonizing and it feels like a hole has been torn in your soul that cannot be mended. No sorrow is deeper than the sorrow of loss.

No matter how deep your pain God can help you find comfort and hope. He gives us peace that the world does not understand. God can be with us in our most lonely moments. There is a safe haven of rest in the midst of a painful world.

### **Jesus said... "I will never leave you nor forsake you"**

In the valley of grief, where the way is tortuous and we are so unsure of ourselves, we learn to trust God. Trust enables us to maintain perspective by **'walking by faith, not by sight'**, as we go through the experience. Otherwise we lose our way and get hopelessly lost in despair.

As our good Shepherd, He leads us safely through "the valley of the shadow of death" (Psalm 23:4b) Remember, a shadow indicates that there is a light on the other side! Jesus is our best role model for combining faith and grief, as revealed in Mary and Martha in anguish over the death of their brother Lazarus. He wept and groaned. He still allowed Himself to feel and express the depths of human sorrow. Ecclesiastes 3:1,4 says "To everything there is a season, a time for every purpose under heaven: a time to weep, and a time to laugh: a time to mourn, and a time to dance." The Bible tells us how God comforts His people in times of sorrow and loss.

We need a trusted guide to lead us and only one guide is reliable enough to lead us. That Guide is Jesus Christ. He really is, **'The Way, the Truth and the Life'** (John 14:6).

## Kimmeridge News

### **Smedmore Open Day**

Smedmore House & Gardens open day on Sunday 2<sup>nd</sup> June raised over £1500 for Steeple & Kimmeridge Churches. Thank you to the classic cars, stall holders and all the team that helped on the gate and cream teas /ice cream. A big thank you to Phillip, Michael and Sylvia for allowing us to use the house & gardens and for leading the house tours.

### **Steeple Manor Open Gardens – Saturday 29<sup>th</sup> June**

Steeple Manor gardens will be open on Saturday 29<sup>th</sup> June 2.30pm to 5.00pm. This is to raise funds for Steeple Church.

### **Kimmeridge Keilidh – Friday 5<sup>th</sup> July 7.30pm**

Our next Kimmeridge Keilidh (Barn Dance!) is on Friday 5<sup>th</sup> July at 7.30pm in Kimmeridge Village Hall at The Etches Collection. Come & dance to Arish Mel English Ceilidh Band with our caller Teresa Rabbetts and a song spot in the interval from Corfe Castle's very own Gilly Kemp! Tickets on the door £5 adults, £2.50 children. No Bar – so bring your own refreshments. We then take a break over the summer until Friday 25<sup>th</sup> October.

### **Play in the Bay – 3<sup>rd</sup> August – 7.30pm – Kimmeridge Bay *A Perfect World – The Miracle Theatre Company***

Expect a rollicking music filled adventure in the great outdoors! Written by Bill Scott and with original live music by Tom Adams, this brand new, action-packed adventure follows a feisty young woman as she ventures into a Boy's Own world of undiscovered jungles, treasure maps, campfires and penknives. Leading her team of quarrelsome explorers she stumbles into a bountiful paradise, whose inhabitants seem entirely peaceful, productive and fulfilled. Is this tranquil place the best of all possible worlds? Or is it all too good to be true? Book through Artsreach at: <https://artsreach.co.uk/event/a-perfect-world>

## Notices and Thanks

### Corfe Castle Gardening Club

Our 'meeting' this month is a self-drive trip.

**Sunday 7th July** - by car - Approx £10pp - Keyneston Mill - Tarrant Keyneston, Dorset DT11 9HZ

Travel time: 35 minutes. The tour will start at 2pm – You can arrive earlier for lunch or refreshments.

Onsite - Formal Gardens, Estate, Perfume Exhibition, Bistro-Café and Gift Shop.

Parterre Fragrances and Botanic Garden Keyneston Mill is the creative and experimental home of Parterre Fragrances. Uniquely, they grow, harvest and distil the key ingredients for luxury perfumes on this 50-acre estate, dedicated solely to aromatic and scented plants – over 1500 varieties are currently in cultivation. [www.keynestonmill.com](http://www.keynestonmill.com)

No formal meeting in August but we are having a stand at the CC Village Club Members' Day on Saturday August 10<sup>th</sup> to sell our plants and produce. Come and buy!! 2pm – 5pm.

I end on a sad note; the gardens at the public toilets off West Street are beginning to mature and several folk, visitors and villagers, have commented on how nice it looks, thank you. However, someone has mistaken our community funded garden for a free nursery and stolen some of the plants. Club members have rallied round and planted alternatives, thank you to them.

It is your garden, enjoy it, but it would be good if the plants stayed there for others to enjoy too, so do keep an eye on it when passing. Thanks.

Enjoy summer, when it comes back! *David*

### Harman's Cross Movie Night

On Tuesday 9 July we're showing First Man at 7.30 in Harman's Cross Village Hall. When Neil Armstrong re-entered the moon-lander he said, Good luck Mr. Gorsky. The story goes that when he was a child, playing baseball with a friend in the backyard, his friend hit the ball in front of his neighbour's bedroom window. The neighbours were the Gorskys. As he leaned down to pick up the ball, Armstrong heard Mr. Gorsky's wife shouting, Sex! You want sex! You'll get sex when the kid next door walks on the Moon. To find out if this film about the life of Neil Armstrong (Ryan Gosling), the first man to walk on the Moon, records this event you will need to join us in July. For those of you old enough to remember, this all took place during the final-leg of the space race between Russia and the USA. It tracks Armstrong's life from his early days as a test pilot through the loss of his two-year-old daughter to a brain tumour, drama with his first wife Janet (Claire Foy), raising their two sons to understand that their father might not survive, to the film's brilliantly staged lunar climax. But was it all a hoax? Tickets £5 on the door, which will open, along with the bar, at 7pm.

### Langton Arthouse Cinema

In August we're screening Foxtrot on Wednesday 7 at 7.30 in Langton Matravers' Village Hall. This film is a compelling family tragedy played out in three acts. It opens in Michael and Dafna's stylish apartment in Tel Aviv. One morning soldiers knock at the door with news that their son, Jonathan, has been killed on national service. Their reactions to their son's death and the shock news that arrives later, takes us into second act. This unfolds at a godforsaken desert checkpoint called Foxtrot, where, with three others, young Jonathan is still very much alive. Bored and restless, they while away their time occasionally allowing a camel to pass through, but beware any Arab revellers who drive up. Then the soldiers may get jumpy and shoot first and ask questions later. This is war of pure futility with a series of devastating events that take us back to Tel Aviv for the final act. In Hebrew with English subtitles. Tickets £5 on the door, which will open at 7pm. Glasses will be supplied should you wish to bring your own drink with you. If you would like to see trailers for this and future films visit [www.LangtonArthouseCinema.co.uk](http://www.LangtonArthouseCinema.co.uk).

AGE UK DORCHESTER ...would  
WELCOME your ADVICE!

Age UK Dorchester has need of a volunteer to join its **Advocacy** team on a **Friday**, to provide information and advice to older people.

**Advocacy** is identifying with and representing a person's views and concerns, and respects people's rights to control their own lives and make their own choices. Its emphasis is on empowering people; not solving their problems for them. This may include enabling individuals to write letters or make phone calls and/or representing their wishes or negotiating with an outside agency.

### Harmony Rocks Choir

In the winter months we long for summer and in a blink of an eye here it is again! So it is with our annual summer concert at Harmans Cross and here are the details for this year’s event.

Harmony Rocks Choir will present their annual “Songs & Scones” concert at Harmans Cross Village Hall on the afternoon of Wednesday 10th July. Doors open at 2pm for the performance at 2.30pm. A cream tea will be served in the interval. The raffle will be in support of the charity MyTIME.

Tickets are £8 (includes food) available from Sue on 477148 and Anne on 288325, and choir members. This is a ticket only event so please book early to avoid disappointment. We are limited on numbers and tickets sell out very quickly.

The choir have performed at many events over the past year the most recent being at The Mowlem Theatre in Kaleidoscope, a concert to raise funds for the charity Dorset Cancer Care. This was our first appearance on a theatre stage and proved to be a very colourful and sparkly evening.

We are all looking forward to putting on a sparkling performance for you at our summer party concert.

**Become a “Friend of Corfe Castle Station”.**

The recent visit of Gresley Pacific No 60103 Flying Scotsman brought great excitement to the Swanage railway including the sixteen days of static display at Corfe Castle station bringing thousands of additional visitors both to the station and village. The visit of Flying Scotsman gave the Swanage railway a tremendous start to the 2019 season.

Our grade 2 listed station building at Corfe is one of the original structures constructed by the London and South Western Railway when the branch from Wareham to Swanage opened during the 1880's. The lines opening brought additional prosperity to the Purbeck area both for the stone and ball clay trade and also for agriculture. The railway contributed to the success and expansion of Swanage as a popular resort for seaside holidays. Today the Swanage railway carries over 200,000 passengers a year and Corfe Castle is a key location for tourists travelling on the railway.

A grade 2 listed building used so regularly needs plenty of TLC. Just as in your own home the station needs time spent on cleaning and general maintenance including work tending to the gardens .If you enjoy the station environment could you become part of the team of regular Volunteers who maintain the station? If you think you could support in this way then please consider becoming a “ Friend of Corfe Castle Station” and join us in caring for our beautiful Victorian station.

## The Pioneer View

Dear Friends,

I write this article on the 6th June, the 75<sup>th</sup> anniversary of the D day landings. It was on this day that the invasion of the Normandy beaches by the Allies took a significant change of direction and shaped our landscape that we know today.

It's on this historical event that I wish to reflect on more deeply and perhaps uncover some key themes and lessons for today. There are some key themes that permeate this event that still speak today.

- Leadership
- Vision
- Courage
- Partnership
- Sacrifice

It is these themes that want to explore in more detail. This military operation was years in the planning. In order to succeed the decision makers needed to factor in everything, including tide times, weather as well constructing a pipeline under the sea in order to fuel the vehicles once they had landed.

The whole plan took an ambitious vision on behalf of the leaders and courage to run with that vision as well as the soldiers sacrifice and enormous courage to deliver the plan and vision on the beaches of Normandy. This was all made possible through effective partnership between the various countries.

It is these values that we seek to embody within the Growing Compassionate Communities Charity. they provide a platform that drive our journey as a charity. It is my view that these ingredients when combined grow hope. Can you imagine the impact on people in the towns and villages as they were liberated? Hope flourished across France and the hearts of the Allies. As a charity hope is what we seek to grow in the communities and lives we touch.

There e sacrifice still speaks today. We shall remember them

Go well

Peter Jones

**AMBITIOUS £350,000 APPEAL  
LAUNCHED TO RETURN UNIQUE  
VICTORIAN STEAM LOCOMOTIVE  
TO FULL WORKING ORDER**

**An ambitious appeal has been launched to raise £350,000 to return a unique Victorian steam locomotive – that escaped the scrapman's torch thanks to the centenary of London's Waterloo station in 1948 – to full working order so it can again haul trains through the Isle of Purbeck.**

The Swanage Railway Trust's 563 Locomotive Group hopes to raise the money needed to return 1893-built London and South Western Railway T3 class 4-4-0 wheel arrangement locomotive No. 563 to steam in two years.

*LSWR T3 No. 563 Corfe Castle 2017 NATHAN AU*

563 Locomotive Group chairman Matt McManus said: "This is one of the most exciting locomotive restoration projects of the last 25 years – a unique project that will bring a locomotive most people thought would never steam again back into life on the railway that it was built for.

The T3-class steam locomotive was donated to the Swanage Railway Trust, a registered charity, by the National Railway Museum in May, 2017.

The decision of the Swanage Railway Trust to return No. 563 to steam for the first time in more than 70 years followed a detailed mechanical inspection of the locomotive at the Flour Mill workshops at Bream near Lydney in Gloucestershire's Forest of Dean.

After No. 563 was stripped down to its component parts, it was found that the locomotive was in a good mechanical condition and that restoring the T3 to full working order could be achieved. Matt McManus explained: "The T3 allows us to go right back to the very start of railways in Dorset. No. 563 enables the Swanage Railway Trust to show how railways connected rural and coastal communities in the Victorian and Edwardian periods.

"The T3 was built in 1893 – just eight years after the Swanage branch line opened in 1885 – with No. 563 being used to bring express passenger trains from London to Corfe Castle and Swanage which created a legacy of tourism that remains to this day.

*LSWR T3 No. 563 Corfe Castle 2017 NATHAN AU*

"The T3s were known as strong, free steaming and fast locomotives and we expect that No. 563 will be able to handle five-carriage trains on the Swanage Railway with relative ease," he added.

Swanage Railway Trust chairman Gavin Johns said: "The decision to restore the T3 to full working order – so it can again haul trains in the Isle of Purbeck for the first time in some 90 years – demonstrates the Trust's commitment to creating a living link to the very start of the railway that we have preserved to this day. "The restoration of the No. 563 will allow us to show a period when the branch line railway from Wareham to Corfe Castle and Swanage was an exciting, colourful and modern addition to a rural community.

T3 class No. 563 was withdrawn by the Southern Railway at the end of the Second World War in August, 1945, by which time it had run a total of 1.5 million miles. During its long working life, the T3 class locomotives hauled trains from London on the west of England main line, across Dorset and down to Corfe Castle and Swanage.

Designed in 1890 by William Adams – one of the greatest locomotive designers of the 19th century – for smooth running at up to 80mph, and built at Nine Elms in London, the 81-tonne No. 563 was not scrapped in 1948.

Instead, the unique locomotive – that carried three tonnes of coal and 3,300 gallons of water – was selected for restoration and display at London's Waterloo station centenary celebrations during 1948 in a move that guaranteed the preservation of No. 563.

To make a donation to the T3 fund, send a cheque – made payable to the Swanage Railway Trust – to the T3 Fund, Swanage Railway Trust, Station House Swanage Dorset BH19 1HB.

To find out how you can help return No. 563 to steam so it can haul trains through the Isle of Purbeck for the first time in more than 80 years, visit the 563 Locomotive Group's website at [www.563locomotivegroup.co.uk](http://www.563locomotivegroup.co.uk).
